

2017 EFFECTIVE TAX RATE CALCULATION

School Districts

Richards ISD

STEP 1: Effective Tax Rate (No New Taxes)

The effective tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the effective tax rate should decrease.

Include any adjustments since last year's certification; exclude Section 25.25(d) one-third over-appraisal corrections from these adjustments. STEP 2: Rollback Tax Rate

Most school districts calculate a rollback tax rate that is split into two separate rates:

1. Maintenance and Operations (M&O): School districts must use the lesser amount of the following methods to calculate the M&O rate:

> Four cents (\$0.04) PLUS current year's compression rate multiplied by \$1.50 (usually \$1) PLUS any additional cents approved by voters at a 2006

or subsequent rollback election; OR

> Current year's compression rate multiplied by six cents (usually four cents) PLUS effective M&O rate which includes school formula funding calculations.⁶

2. Debt: The debt tax rate includes the debt service necessary to pay the school district's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

In most cases the rollback tax rate exceeds the effective tax rate, but occasionally decreases in a school district's debt service will cause the effective tax rate to be higher than the rollback tax rate.

Line	Rollback Tax Rate Activity	Amount / Rate
25	Maintenance & Operations tax rate. Enter \$1.50 or 2005 adopted M&O rate if voters approved a rate higher than \$1.50.	\$1.50000

Debt also includes contractual payments to other taxing units that have incurred debts on behalf of this taxing unit. If those debts meet then four conditions above. Include only amounts that will be paid from property tax revenues (or additional sales tax revenue). Do not include appraisal district budget payments. List the debt in "Schedule B: Debt Service."
